Our Offerings

AVEVA InTouch

Award-winning InTouch software is an open and extensible Supervisory HMI and SCADA solution that enables you to quickly create standardized, reusable visualization applications and then deploy them across your entire enterprise without having to leave your office.

AVEVA System Platform

Within the System Platform is a high-performance process historian with production history archiving, efficient data compression, and auto-configuration of historical archiving that eliminates the duplicate effort and an industrial web information server that dramatically simplifies the organization and delivery of operations information for use across all functions in your organization.

AVEVA Historian

AVEVA Historian is a high-performance process historian capable of storing huge volumes of data generated from today's industrial facilities. AVEVA Historian easily retrieves and securely delivers information to desktop or mobile devices, enabling organizations to analyze processes anywhere at any time.

AVEVA InTouch OMI

The first ever responsive Operations Management Interfaceand "responsive HMI framework" a revolutionary new way to build rich, modern user experiences across all platforms with simple and re-usable HMI content.
An exceptional variety of out-of-the-box Object and Symbol Wizards provides of typical application objects for easier design, build and management.

Our Offerings

kepware®
KEPServerEX

KEPServerEX is the industry's leading connectivity platform that provides a single source of industrial automation data to all of your applications. The platform design allows users to connect, manage, monitor, and control diverse automation devices and software applications through one intuitive user interface.

Ignition SCADA by Inductive Automation® combines an unlimited licensing model, with instant web-based deployment, and the industry-leading toolset for all on one open and scalable universal platform.

Ignition is The New SCADA because it solves all the major pain points of old SCADA . Ignition empowers your business to easily control your processes, and track, display, and analyze all your data, without limits.

Why Learn with Us?

- Flexible Timing
- Complete Hands-On Training Experiance
- Flexible Schedule
- Completely Practical Training
- Online & Remote Training across the Globe
- Complete support after Training

Why Online Training?

- Comfort of learning from your own home
- Ability to work a job while you study
- You can learn at your own pace
- Ultimate convenience and flexibility of Time
- Expand your career horizons
- Expand your professional network
- Greater ability to concentrate
- Improve your communication skills
- Study according to your learning style
